

Located about a half hour drive from All Seasons Guest House is a beautiful horse farm offering horse back rides through the jungle. The horses are very familiar with the trails and are gentle, family-friendly creatures. This guided tour includes a trek through orange groves and dense jungles where you will see the most vibrant shades of green on Earth. Midway through the tour everyone stops for a swim in a private river area and enjoys a locally made snack. Keep your eyes peeled for tropical birds and other wildlife!
