Driving is a great way to see the small villages and tropical jungles of the region. About an hour outside of the international airport in Belize City the terrain turns mountainous and lush. Gorgeous views abound one after the other. Make sure to stop and try some local cuisine. If you are not in a hurry, visit the national parks and forests along the way. Hopkins is a 3 1/2 hour drive from the airport. We recommend making your car reservations in advance as the airport rental companies do not stock a large supply of automobiles.
